2x Pioneer CDJ 2000 nexus

4x Pioneer CDJ 2000 nexus 2

2x Technics SL 1210 MK2

2x Technics SL 1210 MK5

4. RESTRICTIONS

Please read carefully this point and be aware of the strict noise regulation applied in Switzerland. We thank you in advance for your good collaboration in that matter.

The Swiss Law limits the power amplification where the audience is the most exposed, that is to say **100 dBLAeq measured during the show.**

The person responsible for those measurements as well as the sound engineer of the stage will insure that this law is duly respected. The sound level will be measured during all shows with the help of a soundmeter according to norm CEI n°651 and CEI n°804, calculated on a basis of 60 minutes.

The Artist and his staff, including his sound engineer, shall respect this law.

5. LIGHTS

Desk: Grandma 2 on PC command wing

11. Trucks and trailers traffic in Switzerland

Trucks and trailers weighing more than 3,5 tons are not allowed to move in Switzerland without a special permit during the following hours :

- Monday to Friday from 10.00 PM to 05.00 AM
- From Saturday at 10.00 PM until Monday at 05.00 AM

We ask you to be careful when planning your itinerary and schedules in and out of Switzerland and to communicate all information as soon as possible so that we can apply for driving permits. La Gravière decline all responsibility for being held up at the border or being fined on Swiss territory.

Artist is responsible for his ATA Carnet as Switzerland isn't part of the CEE (except for personal instruments)
